

External consistency

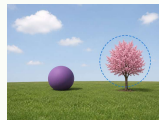

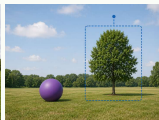

Agreement target

A **purple** sphere to the **left of** a green tree **under** a cloud

Relation: sphere **left of** a tree

A **purple** sphere beside a tree with **box grounding**

Turn the tree into **pink**

Prompt faithfulness

Compositionality

Grounded control

Edit preservation

Internal consistency

Identity persistence

Multi-view coherence

Temporal consistency

Narrative continuity

Normative consistency

Preference alignment

Safety

Physical plausibility

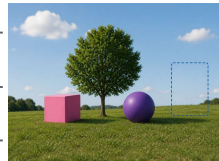

Commonsense

Typical failure case

A **purple** sphere to the **left of** a green tree **under** a cloud

Incorrect object —

Wrong relation —

Ignored edit

Inconsistency —

Structural inconsistency

Failure stems from **condition mismatch** rather than visual quality

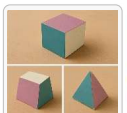

Identity drift

Temporal flicker

Inconsistent appearance

Geometry mismatch

Narrative discontinuity

Outputs that are locally plausible yet **globally inconsistent**

Unsafe content

Implausible physical interaction

Preference misalignment

Commonsense failure

Failure arises from **violating physical, social, or commonsense constraints.**
